

MATH NATION+

YOUR FLEXIBLE MATH SOLUTION FOR SUCCESS

Grades 6-Algebra II

Math Nation Plus is the ultimate resource for math classrooms—designed to enhance and adapt to the unique needs of teachers and students. Whether used to complement a core curriculum or as a stand-alone program, *Math Nation Plus* offers unmatched flexibility and support.

Customizable and Flexible

- Easily adapt Math Nation Plus to fit your teaching style and classroom goals.
- Use lessons in any order to support your curriculum or to focus on specific skills.

Built for Every Classroom

- Complement your existing core curriculum or let Math Nation Plus be your stand-alone solution for math instruction.

Comprehensive Glossary

- Access both written and video glossary entries to clarify key math terms and concepts in engaging, student-friendly ways.

Virtual Study Experts

- Provide personalized support with Study Experts available in both English and Spanish.
- Boost student understanding through relatable, expert-led guidance.

Dynamic Assessments

- Engage students with rich, dynamic assessment questions designed to deepen their understanding and prepare them for success.

Discover the Power of Math Nation Plus

Empower your classroom with a math solution that works for every student, every teacher, and every learning goal.
